

Showcase, Network, Connect- All in One Place

**Already 90% Sold**

With the show floor already 90% sold, and registrations ahead of FTA's FORUM & INFOFLEX 2019 events, it's time to book your booth at INFOFLEX 2023.

INFOFLEX 2023 will be the largest and only event this year that focuses on the label, flexible packaging and folding carton segments of the industry. Taking place April 17-18 at the Greater Columbus Convention Center in Columbus, OH, we'll be right in the heart of the package printing industry. Thousands of package printers will be only a short driving distance away.

For more than 40 years, INFOFLEX has been the event to "Showcase, Network, Connect—All in One Place" and this year will be no different. This is your only chance to connect face to face in a dynamic and progressive environment of labels, flexible packaging and folding carton, as well as brand owners and designers of package printing.

Here's your chance to put your products front and center of 1,500 attendees and alongside 180 exhibiting companies, on a show floor displaying 500+ technologies representing flexography, hybrid, and digital print processes.

**Your Turnkey Exhibitor Package includes:**

- 10x10 exhibit space
- Carpeting
